Good morning/afternoon/evening! Sir

My name is Aandeep Kumar Shukla.  
Currently I am pursuing B.Tech in Computer Science & Engineering from ABES Institute of Technology, Ghaziabad. I have completed my twelfth and tenth from Sunbeam School Varanasi, Varanasi.

\* Some of my technical skills are :-

- C/C++ • Data structures • HTML • CSS
- Javascript • Nodejs • Git • Github

\* Some of the certifications done by me are -

- Machine Learning from Internshala
- Universal human values & Professional Ethics

→ It was eight days workshop in Ajay Kumar Bhang Engg. College, Ghaziabad.

- Full stack web developer (Udemy)

→ Nodejs

→ Express.js

→ API

→ Hosting static websites Github Pages

→ Deploying server based applications with Heroku

vijeta → Deploying Databases with Mongo Atlas

## • Flutter App Development (Udemy)

→ Fundamental Flutter concept

→ Build simple Chat App

→ Climate App

\* some of the project in which I have work are :-

### 1. Intelligent Product Master - IPM

(Jarvis Robot Assistance for corporations)

⊙ The primary responsibility of this software robot (IPM) is to learn - monitor - analyse - serve information about a product to optimize development and support process in a product team.

I was handling the front end part and helping in debugging also.

2. My college project is developing an AI recruiter system which will assist organization in their recruiting process.

\* some of my interpersonal skills, which I think I am good at that are -

→ Communication, → Leadership

→ Positive Attitude.
